### **COURSE DESCRIPTION:**

This one-year course is designed with an emphasis on meeting the requirements of the College Board Advanced Placement *AP English: Literature and Composition* examination. This college-level curriculum engages students in the careful reading and critical analysis of imaginative literature. Through the close reading of selected texts, students deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. As they read, students consider a work's structure, style and themes, as well as smaller-scale elements such as the use of figurative language, imagery, symbolism, and tone. Instructional practices will incorporate integration of diversity awareness including appreciation of all cultures and their important contributions to society. The appropriate use of technology is an integral part of this course. This course fulfills one of the English credits required for high school graduation.

### **COURSE GOALS:**

Upon completion of this course, students will be able to achieve the following:

- Demonstrate achievement in college-level English
- Strengthen higher-level critical thinking skills through discussion and literary analysis. [NS: 2.0, 3.0, 4.0, 6.0, 7.0, 8.0]
- Use the five stages of the writing process to write focusing on critical analysis of literature including expository, analytical, and argumentative essays as well as creative writing to sharpen understanding of writers' accomplishments to deepen appreciation of literary artistry. [NS: 3.0, 4.9, 5.0, 6.0]
- Consider the social and historical values a literary work reflects and embodies
- Explore the underlying social and cultural values in a literary work through analysis, interpretation, and argument.
- Become aware of, through speaking, listening, reading, and mainly writing, the resources of language: connotation, metaphor, irony, syntax, and tone. [NS: 5.0, 6.0]
- Study various representative works from a variety of genres and periods (from the sixteenth to the twenty-first century) but to know a few works extremely well.
- Close read, by deliberately taking time to actively understand a literary work's complexity as well as absorb its richness in meaning to analyze how that meaning is embodied in literary form.
- Make careful observations of textual detail to establish connections and be able to draw from those connections a series of inferences leading to an interpretive conclusion about the meaning/value of a piece of literature.
- Study works from many cultures and countries to raise questions about its place in literature in forming identity and community, and expose students to the multiplicity of English usage
- Make literature a part of daily life

Upon completion of this course, students will have demonstrated competency in writing college essays and developing stylistic maturity, which for AP English, is characterized by the following:

- A wide-ranging vocabulary used with denotative accuracy and connotative resourcefulness
- A variety of sentence structures, including appropriate use of subordinate and coordinate constructions
- A logical organization, enhanced by specific techniques of coherence such as repetition, transitions, and emphasis
- A balance of generalization with specific illustrative detail; and
- An effective use of rhetoric, including controlling tone, maintaining a consistent voice, and achieving emphasis through parallelism and antithesis

### **COURSE REQUIREMENTS AND GRADING PROCEDURES:**

#### **GRADING POLICY**

The purpose of grades is to provide effective feedback to students, parents, and the school administration about a student's progress towards mastery of the established standards for a particular course or subject. As such, other factors such as attendance, effort and behavior will not be considered when calculating a student's grade. However, **excessive absences** (Seven unexcused absences during a semester) may result in a loss of credit in accordance with CCSD Regulation 5113. Extra credit will **not** be permitted unless the work is specifically designed to provide more evidence of a student's progress towards mastery of the established standards.

Teachers will provide students with unit overviews that outline the performance expectations for that unit. These outlines will be accompanied by rubrics that define the levels of proficiency students are expected to demonstrate. The goal is for students to become more involved in monitoring their level of proficiency and participating in Assessment for Learning in order to improve their performance.

Students will be graded on a 0-100 point scale, with the following grade equivalents:

90-100	=	A	Consistently exceeds standards
80-89	=	B	Consistently meets standards
70-79	=	C	Approaching standards
60-69	=	D	Emergent
0-59	=	F	Does not meet standards/ Evidence not provided

In order to demonstrate sufficient evidence of proficiency, a student will be required to make arrangements with the teacher to make-up any assessments missed due to an

absence. Failure to complete required assessments may result in a lower grade or a failing grade due to a lack of evidence.

Throughout the semester, students will be expected to complete formative and summative assessments. The Southwest Career and Technical Academy will be incorporating Project-Based Learning across the curriculum. The project-driven assessments will be implemented and assessed according to a standard rubric for all students, based on our beliefs in the attributes of Academic Knowledge, Character, Skills, Work Ethic, and Preparation. Further assessments include, but are not limited to, homework, class activities, participation, lab activities, class projects, quizzes, and exams. For this subject, assessments will be weighted as follows:

### Project-Based Learning and the Six Tenets

The Southwest Career and Technical Academy is dedicated to assessing student learning and achievement through Project-Based Learning (PBL). The Southwest CTA uses six tenets, or beliefs, to assess student performance during each PBL assessment. These tenets will be the basis of grading during each PBL project. The six tenets are as follows:

- Content Knowledge
- Work Ethic
- Use of Resources
- Teamwork and Collaboration
- Professional Presentations
- Writing Skills

These tenets may also be used in the classroom setting at the teacher's discretion.

### (INSERT CATEGORIES AND ASSESSMENT WEIGHTS)

Content Knowledge = 25%	Collaboration = 10%
Work Ethic = 10%	Professional Presentations = 10%
Use of Resources = 10%	Writing Skills = 25%

### Content Knowledge

Content knowledge will be assessed based on student performance on tests, quizzes, writing assignments having to do with the literature and concepts we will study. This will also include timed writings, as well as in-class and out-of-class assignments.

### Work Ethic

A student's work ethic will be assessed based on class participation (including whether or not assigned reading has been completed), journal writings, and on a student's ability to turn in their work in a timely manner.

**Use of Resources**

Students will be assessed in this area by the quality of resources they use in assignments such as their PBL project and research papers, and on their correct use of MLA style.

**Teamwork and Collaboration**

Students will receive a grade in this category based on teacher observation, as well as on peer and self-evaluation. This category will be utilized both on the PBL project as well as on smaller in-class assignments throughout the year.

**Professional Presentations**

Students will be expected to present their final product of their PBL projects to the class in a formal, professional manner. This category will also be utilized on smaller-scale, less formal in-class presentations.

According to CCSD regulation 5121, “Semester exams shall be comprehensive of the material covered during the semester and may be worth up to, but not exceed, 20% of the student’s final semester grade. Final semester grades shall reflect assignments and assessments completed throughout the semester and the final exam grade”. Semester grades are not to account for more than 10% of the final grade. Semester grades will be calculated as follows:

Quarter 1 Grade	=	45%
Quarter 2 Grade	=	45%
Semester Exam	=	10%
Semester Grade	=	100%

**REQUIRED MATERIALS**

The following must be brought to class each day:

## **MAKEUP WORK POLICY**

### **The following language is from CCSD Regulation 5113:**

Teachers shall provide an opportunity for a student to make up missed work due to any absence, and students shall be held accountable for the work. When a student is absent, however, the educational experiences lost during that absence might be irretrievable because the instruction and interaction in the instructional setting cannot be duplicated through makeup work.

After any absence, a secondary student is required to initiate contact with the teacher(s) to obtain appropriate makeup work **within** three school days immediately following the absence. Once contact has been made with the teacher(s), specific makeup work must be completed and returned to the teacher(s) within a reasonable length of time, to be determined by the teacher and communicated to the student/parent or legal guardian. The makeup work must be returned to the teacher(s) by the specified due date if it is to be acknowledged. Students shall be allowed a minimum of three (3) days to complete makeup work.

## **LATE WORK POLICY**

Late work that is considered practice (homework, classwork, etc.) will be accepted and graded for credit at the teacher's discretion.

(Insert specific department/academy procedures for late work here)

## ***DISCIPLINE PROCEDURES AND CITIZENSHIP GRADING:***

### **A. Classroom Discipline Plan**

The following steps in the Southwest Career and Technical Academy Progressive Discipline Plan will be followed when students do not follow established rules and behave inappropriately:

<b>STEP ONE:</b>	<b>Teacher-Student Conference (Warning)</b>
<b>STEP TWO:</b>	<b>Parent Contact by Teacher (Phone or Letter)</b>
<b>STEP THREE:</b>	<b>Counselor Referral</b>
<b>STEP FOUR:</b>	<b>Dean's Referral</b>

**Some offenses are serious enough to warrant a referral to the Dean for the initial infraction (e.g.: physical violence, gross insubordination, truancy, etc.)**

### **B. Tardy Policy**

Timeliness Is Expected (T.I.E.) program promotes being on time as a basic skill for success that every person needs to possess. Through this program, it is our expectation that SWCTA students arrive on time to every class. Not only are students developing skills for success in high school but for the rest of their lives. Being on time before school may require special attention from the student's parent or guardian.

When a student is tardy during the 2011-2012 school year, the student will bring home a tardy slip. Any tardy during 1st block will result in a deans' detention to be served after school the following day. Detention will be served from 1:30-2:00 in a room designated by the dean's office. In addition to dean's detention, the third tardy in 1st block will also result in a Required Parent Conference, and a sixth tardy will result in one day of suspension. A day of suspension will be given for every tardy thereafter. Tardies received for any other periods of the day will require a parent or guardian to bring the student to school the next day and sign them in at the dean's office. Students who attempt to attend classes before being reinstated will be required to call home and get a parent to come sign them in or get permission to leave campus. Students not signed in will be placed on RPC (Required Parent Conference) pending a parent conference.

It is our goal that all students achieve to the best of their ability. By being on time to each class, students have a better opportunity to be successful. Parents or guardians may contact the Dean's Office at 799-5766 (X4500) in the event that there are questions regarding our Timeliness Is Expected program.

**CODE OF HONOR**

## **Nevada Department of Education**

There is a clear expectation that all students will perform academic tasks with honor and integrity, with the support of parents, staff, faculty, administration, and the community. The learning process requires students to think, process, organize and create their own ideas. Throughout this process, students gain knowledge, self-respect, and ownership in the work that they do. These qualities provide a solid foundation for life skills, impacting people positively throughout their lives. Cheating and plagiarism violate the fundamental learning process and compromise personal integrity and one's honor. Students demonstrate academic honesty and integrity by not cheating, plagiarizing or using information unethically in any way.

### **What is cheating?**

Cheating or academic dishonesty can take many forms, but always involves the improper taking of information from and/or giving of information to another student, individual, or other source. Examples of cheating can include, but are not limited to:

- ➡ Taking or copying answers on an examination or any other assignment from another student or other source
- ➡ Giving answers on an examination or any other assignment to another student
- ➡ Copying assignments that are turned in as original work\*
- ➡ Collaborating on exams, assignments, papers, and/or projects without specific teacher permission
- ➡ Allowing others to do the research or writing for an assigned paper
- ➡ Using unauthorized electronic devices
- ➡ Falsifying data or lab results, including changing grades electronically

*\*This includes submitting the same assignment to two separate teachers without prior permission.*

### **What is plagiarism?**

Plagiarism is a common form of cheating or academic dishonesty in the school setting. It is representing another person's works or ideas as your own without giving credit to the proper source and submitting it for any purpose. Examples of plagiarism can include, but are not limited to:

- ➡ Submitting someone else's work, such as published sources in part or whole, as your own without giving credit to the source
- ➡ Turning in purchased papers or papers from the Internet written by someone else
- ➡ Representing another person's artistic or scholarly works such as musical compositions, computer programs, photographs, drawings, or paintings as your own
- ➡ Helping others plagiarize by giving them your work

All stakeholders have a responsibility in maintaining academic honesty. Educators must provide the tools and teach the concepts that afford students the knowledge to understand the characteristics of cheating and plagiarism. Parents must support their students in making good decisions relative to completing coursework assignments and taking exams. Students must produce work that is theirs alone, recognizing the importance of thinking for themselves and learning independently, when that is the nature of the assignment. Adhering to the Code of Honor for the purposes of academic honesty promotes an essential skill that goes beyond the school environment. Honesty and integrity are useful and valuable traits impacting one's life.

*\*This includes submitting the same assignment to two separate teachers without prior permission.*

*Questions or concerns regarding the consequences associated with a violation of the Code of Honor may be directed towards your child's school administration and/or the school district.*
