As a part of the Southwest Career and Technical Academy mission to prepare students, each Wednesday, students will participate in a 23-minute advisory/mentor period. This advisory period is designed to meet the needs of the individual student in areas specific to the Southwest Career and Technical Academy. Further, each advisor will be assigned to the students throughout their four years of attendance. All students at the Southwest Career and Technical Academy are expected to participate in an advisory period each Wednesday. Classes will run on a shortened schedule to accommodate the 23-minute advisory period.
