

MS Chang's Alg 1	Monday Feb 1 Available after school	Tuesday Feb 2 Available after school	Wed Feb 3 No after school help	Thursday Feb 4 No after school help	Friday Feb 5 No after school help
Chapter Section		4.6 Quick graphs using the slope-intercept form 4.7 Solving Linear Equations Using Graphs Review for the test		*REVIEW of the Test *Test administration	
Objective		*To graph a linear equation in slope intercept form * To solve linear equations graphically		*To assess students' learning	
NV Standards		2.8.5, 2.12.2			
Warm Up Passing the NV HS Proficiency exam Book		HSPE Practice #2		N/A	
Activities		* Review of graphing a line using the slope intercept form *Understanding how to solve an equation using graphs. Example done in class 4.7A #5, 13, 19, 28		*Correction and grading of the homework * Answers of the Test review is posted on moodle therefore we will answer questions only *TEST	
Lesson Reflection		How to understand the difference between slope of parallel lines and perpendicular lines?		N/A	
Homework Page reference: Page in student's notebook		Complete the test review. (yellow packet) 4.7A#1,4,7,10,16,25		*Prereading notes 5.1 Get ready for chapter 5.1 See the notes. Read it to get ready for next class and try the exercises. I will grade your effort only!	

Check the website throughout the week as I may change the homework to fit students' need

MOODLE IS UP! You can get the worksheets now!
