Chapter Section	4.4 Identity and Inverse Matrices	4.5 Solving systems using inverse matrices	4.5 Solving systems using inverse matrices	Chapter 1-4 Test	Chapter 1-4 Test
Objective	*To Find and use inverse matrices *To use inverse matrices in real-life situation such as encoding message (WWII example)	*To Solve systems of linear equations using inverse matrices	*To Solve systems of linear equations using inverse matrices	TEST	TEST
NV Standards	5.12.1, 1.12.7	5.12.1, 1.12.7	5.12.1, 1.12.7	5.12.1, 1.12.7	5.12.1, 1.12.7
Warm Up: Passing the NV HS Prof exam Book	Warm up Proficiency review # 4	Short quiz on Chapter 3.6 to 4.3	Short quiz on Chapter 3.6 to 4.3		
Activities	*Answers to question on the homework *Correction and grading of the homework and the notes *Check up on any concerns with multiplication and determinants *Introduction to the identity and Inverse matrices (important to solve system of linear equation too)	*Immediate Correction of the quiz (Automatic feedback) *Answers to question on the homework *Correction and grading of the homework and the notes *Review for the Chapter 4 Test (next class)	*Immediate Correction of the quiz (Automatic feedback) *Answers to question on the homework *Correction and grading of the homework and the notes *Review for the Chapter 4 Test (next class)	*Answers to question on the homework *Correction and grading of the homework and the notes *Notebook check for Chapter 3 and 4	*Answers to question on the homework *Correction and grading of the homework and the notes *Notebook check for Chapter 3 and 4
Lesson Reflection	How will you use the identity and inverse matrices? Intro to 4.5	Matrices and its use for data entry	Matrices and its use for data entry
