Chapter Section	5.6 The quadratic formula and the discriminant (teacher sick that day)	5.5 Completing the square 5.6 The quadratic formula and the discriminant	5.5 Completing the square 5.6 The quadratic formula and the discriminant	5.5 Completing the square 5.6 The quadratic formula and the discriminant	5.6 The quadratic formula and the discriminant 5.7 Graphing and solving quadratic inequalities
Objective	*To solve quadratic equations using the quadratic formula	*To solve quadratic equations using the quadratic formula	*To solve quadratic equations using the quadratic formula	*To graph quadratic inequalities in 2 variables.	* To graph quadratic inequalities in 2 variables. Chapter 1 to Chapter 5 test
NV Standards	1.12.6, 1.12.7, 2.12.3	1.12.6, 1.12.7, 2.12.3	1.12.6, 1.12.7, 2.12.3	1.12.6, 1.12.7, 2.12.3	1.12.6, 1.12.7, 2.12.3
Warm Up: Passing the NV HS Prof exam Book	None	None	Quiz on Chapter 5.1 to 5.5 Open notes	Quiz on Chapter 5.1 to 5.5 Open notes	Brief review for the chapter test.
Activities	*Work on the quadratic formula worksheet	*Review of the skills for completing the squares *Work on worksheet "Completing the square, finding the vertex of the quadratic equations" #1-15 *Work on the quadratic equations	*Answers to question on the homework. *Correction and grading of the homework *Quiz **"Completing the square, finding the vertex of the quadratic equations" #1-15	*Answers to question on the homework. *Correction and grading of the homeworks *Quiz *Reteaching of completing the square	*Answers to question on the homework. *Correction and grading of the homework *Brief review on modeling a quadratic function from a graph. *In lesson 5.1 students learned how to graph a given quadratic function. Today we are connecting each lesson together to learn chap 5.7
Lesson Reflection		*How will our work be tested on the final? Overview of the final from last year.	*How will our work be tested on the final? Overview of the final from last year.	Back to the quiz and how it can help you study for the test.	Let's connect all the information together!
Homework Page reference: Page in student's notebook	Finish the worksheet	Finish worksheets "Completing the square" #1-15 "Quadratic formula" *Finish homework due last class	*Completing the square, finding the vertex of the quadratic equations" #1-15	*Take home quiz to complete	*Take home quiz to complete * 5.7A # 1-9 Warning the end of chapter test is coming up!

Check the website throughout the week as I may change the homework to fit students' need
