Warm Up: Passing the NV HS Prof exam Book	Answers to questions on quiz 5.1-5.5	NVHSPE Practice #26. How quadratic can be used in real life (even a skate park)	NVHSPE Practice #26. How quadratic can be used in real life (even a skate park)	Brief review for the chapter test.	Brief review for the chapter test.
Activities	*Answers to question on the homework. *Correction and grading of the homework *Brief review on modeling a quadratic function from a graph. *Lesson on 5.6: students will take their own notes *In lesson 5.1 students learned how to graph a given quadratic function. Today we are connecting each lesson together to learn chap 5.7	*Answers to question on the homework. *Correction and grading of the homework *Re-teaching of 5.7 Graphing quadratic inequalities using what we learned previously. *How to write a quadratic equation when we only have a graph.	*Answers to question on the homework. *Correction and grading of the homework *Re-teaching of 5.7 Graphing quadratic inequalities using what we learned previously. *How to write a quadratic equation when we only have a graph.	*Answers to question on the homework. *Correction and grading of the homework *Answers to the last questions on chapter 5 TEST CHAPTER 1-5	*Answers to question on the homework. *Correction and grading of the homework *Answers to the last questions on chapter 5 TEST CHAPTER 1-5
Lesson Reflection	Let's connect all the information together!	What do I need to know for the test?	What do I need to know for the test?	N/A	N/A
