Chapter Section		3.3 Solving multi-step equation			3.4 Solving equations with variables on both sides.
Objective		* To use two or more transformations to solve an equation. *To use multi-step equations to solve real-life	VETERANS DAY		*To collect variables on one side of an equation
NV Standards		2.8.5			2.8.5
Warm Up: Passing the NV HS Prof exam Book		Review of division/fractions			Quiz to check understanding.
Activities		Answers to questions on the homework. *Correction of the homework and grading of all problems * Connection of chap 3.1 and 3.2 to Chap 3.3 *See if there is any concerns about solving an equations *Complete Prac 3.2B #30 *Class activity to reinforce the learning of concepts of chapter 3			Answers to questions on the homework * Correction of the homework and grading of all problems * Modeling solving equations with variables on both sides
Lesson Reflection		Explanation of this material and how it will be useful for next year (geometry)
